Prices and Payment

(1) If there's nothing contrary to what is agreed in writing, then our prices are ex works prices, excluding packaging/shipment and should also add the value added tax VAT at the applicable rate. Packaging and shipment costs are separately listed in the invoice.

(2) The total amount of the invoice must be paid solely into the bank account mentioned in the invoice. The deduction of discount is only permitted with special written agreement.

(3) Unless otherwise agreed, the invoice amount must be paid prior to delivery. For customers with whom a payment term of 30 days from delivery has been agreed, the invoice amount must be paid within 30 days. Interest on late payments will be charged at a rate of 8% above the reference interest rate. We reserve the right to claim higher damages for late payment.

(4) If no fixed price agreement has been made, we also reserve the right to make reasonable price changes due to the altered wage-, material- and distribution costs for deliveries made 3 months or longer after the conclusion of the contract.

.

Delivery Time

(1) The beginning of the delivery time presupposes the timely and proper fulfillment of the purchaser's obligations. We reserve the right to defend against the unfulfilled contract.

(2) As long as the purchaser defaults the acceptance or violates other cooperation obligations in fault, we are entitled to demand compensation for the loss brought about to us, including possible additional expense. Further claims remain reserved. If the prerequisites mentioned above are met, the risk of accidental loss or accidental deterioration of the goods will be transferred to the purchaser at the time when he runs into default of acceptance or payment.

(3) Legal claims and rights of the purchaser due to delay in delivery remain unaffected.
